

Mild to Moderate Support Needs/Extensive Support Needs Education Specialist Credential – Literacy Review Addendum

Teaching Performance Expectations Course Matrix

In the addendum below, denote the candidates' opportunity to learn, apply, and be assessed on the competencies listed.

The required course names and numbers should go across the top of the matrix, replacing the "Course Title and Number" text below with a hyperlink to that course syllabus.

For each competency, indicate – using an I, P, or A – when the program/candidate introduces (I), practices (P), and assesses (A) each competency. Notations may occur under more than one course.

Each notation should link to a specific place in the syllabus within that course that demonstrates that this is occurring. Please identify only the best example(s), up to four (4) for each I, P, and A.

*Linking to course objectives or learning outcomes is **not** sufficient to demonstrate how a TPE is introduced, practiced, and assessed.*
